For: **METHOD OF SENDING VOICE MESSAGES, AND SYSTEM AND SERVER THEREFOR****REQUEST FOR RECONSIDERATION OF DECISION ON PETITION**Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicant respectfully requests reconsideration of the *Decision* mailed September 10, 2001, for the reasons set forth below.

The inventors in this case are Nicolas Brogne, Jean-Pierre Kelles and Emmanuel Sutter. Signatures on the declaration were obtained from Mr. Brogne and Mr. Sutter. The proper papers were sent to Mr. Kelles, but were returned undelivered because he had moved and left no forwarding address. MPEP 409.03(d) requires submission of documents such as a certified mail return receipt, cover letter of instructions, telegrams, etc. The petition filed on August 6, 2001 attached a copy of the return receipt and the letter of instructions. MPEP 409.03 does not define what constitutes a diligent effort. In this case, in addition to the sending of the papers to the last known home address of the missing inventor, the undersigned searched telephone records in Germany, France, Austria and Belgium. No such person was found in Germany, France or Austria. On possible listing was found in Belgium at an address (Avenue Edmond Parmentier / Edmond Parmentierlaan, 175 1150 Woluwe-Saint-Pierre / Sint-Pieters-Woluwe) different from the last known address of the missing inventor, but the undersigned does not know if the listing is Jean-Pierre Kelles who is the inventor of the present case. The Undersigned has attempted on a number of occasions to contact the person at this address to verify the identity before sending

Application No. 09/679,739
Request For Reconsideration

confidential and proprietary documents to this address, but has been unable to reach anyone at this address.

It may be that the person at this address ultimately proves to be the missing inventor, but until such is verified the applicant cannot send a proprietary patent application to that address. In the meantime, it is believed that the efforts to locate the inventor have been diligent.

Accordingly, reconsideration and granting of the petition are respectfully requested.

To the extent there are facts stated above the require certification, this Request For Reconsideration is in the form of a declaration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
